## LOCATION

Consisting of a string of pearl-like island atolls, the Maldives are a natural phenomenon that were once part of the mountainous landscape below the crystal waters of the Indian Ocean. Only two hundred islands are populated, making the Maldivian Islands the ultimate in remote paradise. The phrase 'getting away from it all' is redefined by the stunning geographical appeal and seclusion of this beautiful archipelago.

With its year-round tropical climate, warm sea breezes, pleasant ocean conditions and almost continual sunshine, the Maldives present the perfect vacation destination regardless of the season. December to April is the best time for guests to experience uninterrupted enjoyment of brilliant white beaches and long, beautifully balmy days. Throughout the year, the temperature during the day reaches approximately 30°C, while the average night temperature hovers around a delightful 25°C.

Guests arrive at Malé International Airport and board a short 55-minute domestic flight to Kaadedhdhoo Airport in the south atoll. Once there, you are transported by a 15-minute speedboat ride to a distant world of unmatched comfort and breathtaking luxury. Alternatively, a 1 hour 45-minute private seaplane transfer from Malé International Airport can also be arranged.

Situated in a unique position surrounded by unspoiled coral reefs, 10 kilometres from the nearest island, these unique underwater wonders are an absolute must-see during your stay. The flawless setting for your dream holiday escape emerges.

Following the STAY DIFFERENT™ philosophy of Jumeirah Hotels & Resorts, the all-suite residences at Jumeirah Dhevanafushi recognise the individuality of luxury travellers and the significance of personal experiences in their lives. The uniqueness of each guest is reflected in the originality and amplitude of the interior design of the 38 spaciouly apportioned suites. At the resort, there are two principle residence types, Revive and Sanctuary, each giving you a choice of breathtaking views of the Island or the Ocean accompanied by the liberating freedom that such space affords.

Magnificently designed, with honey coloured timber flooring and soaring roofs, every abundantly sized room is inspired by traditional Maldivian architectural expressions. Thirteen beachside Revives are poised by the azure waters of the Indian Ocean, allowing the sound of the waves to drift through your day. Eight Island Revives and a unique Island Sanctuary lie nestled amidst areas of rich flora, creating scented walkways with hints of oleander and hibiscus.

Bountiful bedrooms with a separate study area are decorated with neutral palettes, infusing peace and calm; while a stunning, spacious open bathroom and shower create a space of graceful elegance. Guests are spoiled for choice with their own private beach or garden with comfortable day beds on open decks for languidly soaking in sun-kissed seclusion.
